17. Local Enforcement Agency (LEA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14 and 27, California Code of Regulations (CCR).
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the LEA at all times.
- c. The site supervisor (foreman) shall have convenient access to those essential technical and regulatory documents pertaining to CIWMB/LEA jurisdiction, which govern operation of the facility. The regulatory documents include the Solid Waste Facility (Facilities) Permit, loadchecking procedures, windy weather policy, and elements of the Report of Disposal Site Information/Joint Technical Document elements that the operator deems to be essential to proper operation and maintenance of the facility as to CIWMB/LEA jurisdiction.
- d. The maximum permitted daily tonnage for this facility is 3,000 tons per day, except that the 3,000 tons/day solid waste component of this maximum may be exceeded when occasional "free dump days" are offered to the public in connection with community clean-up programs.
- e. The LEA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- f. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of a JTD amendment, to the LEA at least 180 days in advance of the change.
- g. A copy of this permit shall be maintained at the facility.
